

CCOA

Welcome to
THE FUTURE

OUR 1987-1988 YEARBOOK IS DEDICATED TO SURVIVORS

In the course of a life-time many negative experiences occur. For some, the normal routine of their lives is drastically altered. For others a vital part of their lives has been lost. Some find difficulty in surmounting those experiences. Others rise above the difficulties finding the power to continue . . . to survive. Their lives are never the same, but still they have the ability to contribute to society and support others. We salute that spirit. We admire the will to survive, to carry on in the face of despair.

We want especially to single out for acknowledgement and to thank the McKeuen Family for remaining a part of our lives and the life of this college after the loss of their eldest son this year.

WELCOME TO THE COLLEGE OF THE ALBEMARLE! COA is a fully accredited, state funded, two year community college. COA was the first accredited community college in North Carolina. The beautiful 40 acre main campus is easily accessible on U.S. 17 just north of historic Elizabeth City, the first capital of the state. The Pasquotank River flows behind the campus, which consists of three large buildings designated A, B, and C.

Building A consists of administration offices, classrooms, laboratories, a bookstore, cafeteria, and student center. B building houses the business labs, classrooms, a lecture auditorium and the learning resources center (LRC). The LRC includes audio-visual materials and equipment along with a well stocked library and learning lab. Most of the college's occupational programs including machine shops, electronic laboratories, automotive shops, music rooms, and physics and art labs are located in C building.

Additional college programs and facilities include extension centers in surrounding counties, classroom facilities for the Practical Nursing program, the Dare County Campus, and the Continuing Education program which includes the Adult Basic Education Program and the Bridges Program.

COA is in the process of erecting yet another structure, Building D. Noel L. Coltrane designed this structure and it is being built by Silas S. Kea and Sons, under the supervision of Dee Rollings. The building will include a 1,013 seat auditorium, classrooms, small business center, and student lounge.

Pam Whitley (left) is leaving the College of the Albemarle this year after a number of years of service. Everyone here that knows her will miss her, and everyone that won't get a chance to know her will be missing something from their lives. **Martha Swain** (right) will be filling her shoes. We congratulate Martha and hope she enjoys the added pressures of her new job.

Do you dream of learning a new hobby or improving on a skill? What would you like to learn to do? What if you were given the opportunity to learn what you desire at a nearby place and at a very low cost? Then the Continuing Education Department at The College of The Albemarle has something for you. Classes are taught at various locations throughout the seven county area for your convenience. Some of the courses offered are listed on this page. There are many, many more. If you have a particular interest, call the Continuing Education Department today. **Life long learning shouldn't be a dream. Make it a reality at COA.**

Get out of the house! Have some fun! Learn something new! Make new friends! Grab your neighbor and come on out to your community college! It's less expensive and more productive than going to the movies every week.

Some students can only attend at night!

Attending the College of the Albemarle has distinct advantages. First, as a state supported community college, tuition at COA is rather inexpensive, and persons over 65 are not required to pay tuition. In 1987 an In-state resident could attend college full time for \$84 plus the cost of books. Other universities cost at least three times more for the same basic education. A person could attend COA for two years and effectively have their third year at a four year institution free.

Secondly, as a two year community college, COA professors are not required to "publish or perish". They are more interested in teaching classes and have time to spend with their students one-on-one. At a major University, professors have less time for teaching. They are hired, not for their desire to teach, but for their ability to do research, because that's the way the University makes money. Also, professors at major universities are so far advanced in their fields, that making lower level courses understandable can be difficult for them. Courses required in the first two years of college are the same wherever you go. So, you are better off

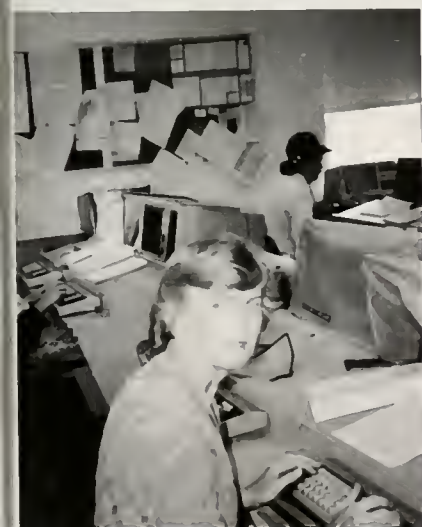

attending a small college like COA. The College Transfer Degree program was specifically designed with this in mind.

The College Transfer program is flexible and individualized. Many undecided freshmen can explore career fields by taking a number of general courses. Those students that know which field they intend to major in can enter one of the three programs of study in the College Transfer Division.

The programs of study in this division lead to associate degrees in Science, Fine Arts, and Liberal Arts. Major curriculum choices include Agriculture, Computer Science and Computer Technology, Dental, Engineering, Forestry, Medical, Pharmacy, Veterinary Science, General Science, Art, Drama, Music, Business Administration, Business Education, Elementary Education, Law, Liberal Arts, Mathematics, Secondary Education, and Social Work.

Some students are satisfied with their associates degree while others work toward other associates. Most students taking transfer courses go on to four year institutions and graduate with baccalaureate degrees, which is the purpose of the associate degree program in the College Transfer division of COA.

When you are through improving yourself, you're through.

GENERAL DEGREE PROGRAM

As a community college, COA has to meet the needs of many diverse people, including, but not limited to, those who can only attend in the evening, senior citizens, and students with little or no education. The General Degree program allows students to attend school without declaring a major field of interest. Students can acquire skills and knowledge without working toward a degree. However, if a student decides to acquire a degree, transfer from the General Program to one of the three degree programs is not difficult. Most courses already taken can then be used for credit.

COA's Bridges program gives students with little education a chance to gain a high school equivalency (GED). Tuition, books, and supplies are paid for by the Job Training Partnership Act. Statistics show that more than 14,000 people in the seven county area serviced by COA have trouble reading above an eighth grade level. If you know someone who has trouble reading, mention the Bridges Program to them.

COA also provides education in basic literacy skills. The ABLE program teaches math, reading, and grammar to students who want to improve themselves. The program presently has 75 volunteers helping with one-on-one tutoring for the 106 students currently enrolled. The ABLE program is funded by the state and is tuition free. The ABLE and Bridges Programs work in tandem. Many area residents who could not read have entered the ABLE program, learned to read, registered in the Bridges program, earned their GED (all tuition-free), and gone on to acquire an associates college degree. COA was literally the key to their future.

The Technical Degree program offers degrees in the following areas: Basic Law Enforcement, Business Computer Programming, Electronics Technology, Drafting and Design, Executive Secretarial, Banking and Finance, Business Administration, Computer Technology, General Office Technology, Postal Service Technology, and Medical Secretarial. The programs are designed to allow the student to graduate with an Associate degree and go right to work in the market place. If students decide to pursue a four year degree, certain courses transfer to senior institutions

Vocational programs are generally one year in length and in many cases lead to an Associates Degree. All of the programs are preapprenticeship in nature. The programs of study are Automotive Mechanics, Industrial Maintenance, Light Construction, Air Conditioning, Heating & Refrigeration, Cosmetology, Electrical Installation & Maintenance, Machinist, Advanced Machinist, Nursing Assistant, and Practical Nursing.

The cosmetology department has a salon where the students can perfect their skills on real customers, after spending many hours in practice on mannequins and on **each other!** Students enrolled in the Practical Nursing Program have the option of living in a dormitory. The building was constructed with state funds as an extension to the hospital with the criterion that it be used only for COA's practical nurses. The housing is free, as an added incentive to those wishing to come from far away to become licensed practical nurses.

The major objectives of each of the vocational programs is to guide both the young and old in acquiring vocational competency in the knowledge and skills that will help them to become well adjusted and self supporting citizens. The programs are designed for beginning students as well as for workers who need new job skills.

Students are able to enter the work force in their chosen profession immediately after graduation. Graduates have the technical knowledge necessary to operate the equipment they will find in the work place. More importantly, our shops are supplied with most of the standard machines as well as up-to-date equipment, so students will have experience on both. COA graduates are assets to any business, able to produce results the first day on the job.

Constructing "D" Building.

As you can see, COA is an outstanding educational institution with many varied fields of study. The conditions for learning are excellent. There are also many opportunities to enjoy oneself. An hour has been set aside on Mondays, Wednesdays, and Fridays when few classes are taught. This gives students the opportunity to gather in the student center to study or to participate in contests and games, or to hear entertainers perform. The lecture auditorium is also used during this time to allow organizations to sponsor other social and civic events which the students are encouraged to attend.

COA has had talent contests, singers, actors, costume contests, speakers, comedians, hypnotists, and contests for Mr. and Ms. Merry Christmas among other activities. There are also clubs and other organizations for students to join for more enjoyment. The rest of this section of the annual is reserved for the fun stuff!

The picture to the right shows some of the student senate. From left to right are: Michael Lynch — Parliamentarian; Teresa Drew — Freshman Class Senator; Jan Emery — Secretary; Tony Sipple — Student Representative, Satyrs; Joyce Hurley — Vice President; Madison Phillips — Freshman Class Senator; Daniel Lane — Sergeant at Arms; and Pam Benton — Freshman Class Senator

Below left is Steven Bray — Freshman Class President

Below right are Milton Walker — President and Tanya Price — Freshman Class Vice President

At the beginning of the school year the Senate sponsored a Club Day/Cookout (shown to the left). Club representatives were set up inside the student center to let students know what was available for them.

(Above) Preparation for the Student Senate Christmas Dance took a lot of time and energy, but the results made it all worth while.

(Below) The Student Senate treated President Chesson and Dean Simmons to lunch across from the campus at Vicki Villa Restaurant. Can you believe, they actually got to skip classes for this?

(Far left corner) In order to pay for some of these events, the Student Senate given money by the college. For extra money, Joyce Hurley — Senate Vice President, was caught here soliciting funds.

PHI THETA KAPPA (PTK) is the national honor society for community and two year colleges. Members must have a cumulative grade point average of 3.25 or higher. Other requirements include demonstrated qualities of leadership, moral character, and good citizenship. The club sponsors many COA events keeping its members active in the community.

Pictured left to right: Alden Miller, Glendon Ross, Chuck Monsees — President, Mary Lou Thatcher, Barbara Smith, Jan Emery — Secretary, and Mr. McKecuen — **Advisor** (in the back).

Not pictured are: Daniel Lane — Vice President, Carol Patterson — Treasurer, Peggy Whitley, Cecelia Hill, Debbie Brooks, Tammy Cartwright, Laurence Rozdowski, Darryl Hannon, Nancy Hendee, Wayne Orbl, Deborah Norman, Dina Richmond, Darlene Roy, Darlene Smith, Dorothy Ann Tisdale, and Dare County members Wynona McKinney, and Barbara Smith.

Each year PTK has two induction ceremonies for new members. The students meeting the membership requirements are asked to join the club. The new inductees go through a week of hazing and then participate in the induction ceremony. Those participating in this year's winter quarter ceremony are pictured above.

Newest members of PTK (in alphabetic order) are: Lynn Benton, Tammy Baum, Roxie Clark, Boyd Cooper, Betty Daniels, Cheryl Douglas, Phyllis Dowdy, Timothy Holster, Estelle Jethro, Andrea Kerr, Carla Kopp, David Light, Verallyne Malone, Valerie Massa, Helen Matoush, Cheryl Moore, Marianne Myers, John Richeson, David Ricks, Matilda Riedmiller, Rodger Rossman, Mary Sheppard, Elizabeth Snowden, Lisa Sparks, and Eileen Staples.

DON'T QUIT

When things go wrong as they sometimes will,
When the road you're treading seems all up hill,
When the funds are low and the debts are high,
And you want to smile, but you have to sigh,
When care is pressing you down a bit,
Rest if you must, but don't you quit,
Life is queer with its twists and turns,
As everyone of us sometimes learns,
And many a failure turns about
When he might have won had he stuck it out;
Don't give up though the pace seems slow —
You may succeed with another blow.
Success is failure turned inside out —
The silver tint of the clouds of doubt,
And you never can tell just how close you are,
It may be near when it seems so far;
So stick to the fight when you're hardest hit —
It's when things seem worst that you must not quit.

PHI BETA LAMBDA (PBL) is the national organization for business students, and is open to any student enrolled in a business program at COA. The purpose of the club is to promote good business education at COA and a sense of civic and personal responsibility among the students.

Pictured are: Front :Pam Williams — President, Middle ; Malissa Dance — Secretary, June Banks, Donna Treacle — Vice President, Marilyn Harris, Marvenia White — **Advisor**, Back ; Debbie Denton, Sherry Etherige, Teresa Recely — Treasurer. **Not Pictured :** Carol Patterson, and Monjetta Spivey — Student Representative.

THE OLD SALT

The Old Salt is COA's organization for the creation of the student newspaper. The membership is open to all students depending solely on ability and desire. It's purpose is to inform students, faculty, and staff of COA's happenings and community events that effect the college. The paper also serves as an outlet for student opinion. The advisor is Robert Stevens, Co-Editors are Veralynne Malone and Eric Feige.

Pictured (left to right): Veralynne Malone, Boyd Cooper, Wendy Snowden, and Robert Stevens.

THE FOREIGN ARTS CLUB

The purpose of The Foreign Arts Club is to stimulate an interest and appreciation of the customs, language, culture, and people of Spain and France. Membership is open to students and faculty interested in French or Spanish.

This year the club has participated in adopting a "grandmother" at a nearby nursing home, sponsored speakers on Norway and Mexico, held an international dinner, and sponsored a scholarship for a college transfer student studying a foreign language.

MINORITIES IN UNITY

The purpose of MIU is to develop a spirit of understanding, cooperation, and closeness among all students of the college. The club tries to bring elements of all cultures to the students. Its bylaws stress cooperation between students and faculty as well as the necessity for remaining in school. MIU has participated in celebrations for Martin Luther King's birthday and Black History Month, ECSU's Homecoming, the Elizabeth City Christmas Parade, the COA Children's Christmas Party, and Israeli Independence Day.

Pictured (left to right): Tanya Price — President, Rodger Rossman — Treasurer, Gina Greene — Vice President, Gloria Trafton — Secretary.

Not Pictured: Floyd Horton — Advisor, and Andrea Williams — Co-Advisor.

COS CLUB

The Cosmetology Club is open to all Cosmetology students. Its purpose is to promote unity between its members, patrons and the faculty; to motivate interest in the field of cosmetology; and to provide a means for COS students to interact outside of the class and laboratory.

Pictured **kneeling** : B.B. Creekmore. **Sitting** : Faye Hoffman — Advisor. **Standing** , left to right): Erma Harris, Kay Stallins, Shelly Rogerson, Bunni Grimes, Cristle Monds — Secretary, Linda Russell — President, Carolyn Chappell, Jenny Riley, Crystal Ware — Treasurer, Shawn Whidbee, Gloria Holley — Vice President, and Heleen Trucks.

THE BIOLOGY CLUB

The Biology Club is devoted to helping its members find job opportunities in biological fields. The members enjoy special projects such as "stream walking". One of this year's projects was a ski trip to West Virginia. The club also gives students the opportunity to meet others with the same interests in biology. This year the Biology Club is the largest club on campus.

Officers this year include Scott Perry — President, Becky Dail — Vice President, Kim Cooper — Treasurer, Amy Chappell — Secretary, Deborah Holland — Representative, and Mr. Jerry Leete — Advisor.

Others members are Wayne Bass, Frankie Brown, Tammy Bunch, Pamela Carr, Nathan Cartwright, Todd Cartwright, Wanda Chappell, Melissa Cole, Boyd Cooper, Kim Cooper, Becky Dail, Jason Davenport, Tonya Dowdy, Frankie Eaves, Carol Evans, Michelle Everett, Tommy Eure, Ralph Griffin, Sherrie Harrell, Deborah Hollowell, Derrick Klenke, Daniel Lane, Daffy Only, Donna Pickens, Chris Price, Tanya Price, Erin Quinlen, John Robertson, Amy Salomare, Brian Sawyer, Tammy Simmons, Cindy Spruill, Cheryle Stafford, Page Stone, Krislin Stuckey, Steve Umphlett, and Kathy Wood.

CHORALE

COA Chorale is the only singing organization on campus which meets three times each week. Membership is open to all who enjoy singing traditional choral literature as well as popular show tunes. The Chorale presents two scheduled concerts per year, one at Christmas and the other in the spring. The Chorale club is designed to heighten the cultural appreciation of the entire community and aid in the development of the musical talents of the students of COA. Chorale is open to regularly enrolled students.

THE SATYRS

The Satyr is the drama club for College of The Albemarle students. Any and all are welcome to join the club and participate in the many aspects of play production. Over the years they have had an astonishing number of successful productions and have won over ninety awards on district, regional, and state levels for acting, directing, and technical effects. During the past twenty-three years, the COA Satyr has presented approximately 125 plays and musicals.

BAND

The COA Community Band brings together student and community musicians. The band performs on campus, and at many locations in the community. Joan Jones is the Conductor, and Ray Scaffa is the Advisor. This year's officers are Michele Madre, Veralynne Malone and Stacy Sawyer. The picture to the right is at the South Gate Mall during a Christmas Concert.

Band Members by section are:

Flutes ; Denise Aydtlett, Tamara Brothers, Veralynn Malone, and Bonnie Wille.

Clarinets ; Amy Cranford, Donna Drew, Melody Jones, Michele Madre, Glenda Martin, Stacy Sawyer, Ray Scaffa, Sandy Suggs, and Emily White.

Tuba ; Ray Jones. **Drums** ; Vernon Brinkley, Chuck Haskett.

ADN 88 & 89

The ADN Club at the College of The Albemarle is open to all students enrolled in the Associate Degree Nursing Program. The club provides a means for these students to interact outside of the classroom environment. Membership is for two years in conjunction with the two year degree program. The club helps to provide students additional opportunities to learn nursing skills and etiquette. ADN students have the advantage of working as professionals in various hospitals as a part of their curriculum.

PRACTICAL NURSING CLUB (PNE)

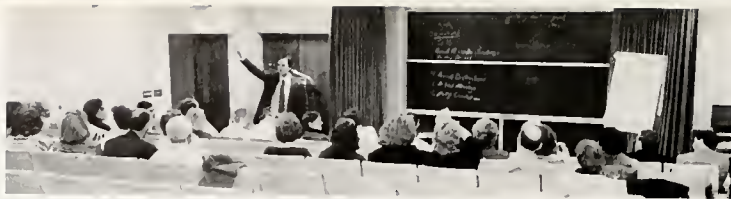

The Practical Nursing Degree Club is designed to allow the PNE students to interact with each other outside of the classroom environment and to give the students another forum for learning the skills they will need when they become licensed Practical Nurses.

We are proud of our PNE classes, as they have consistently performed better than the state average on their exit exams. A whole class very rarely passes the licensing board test. Our classes have done so on more than one occasion. If a student is signed up in the PNE program, then participation in the club is expected.

Pictured for this years class are: **Front row**: Christine Bowden, Ny Jordan, Jennifer Sawyer — Secretary & Treasurer, Sherry Cox. **Left of the tree**: Francis Blount, Kate Seavey, Kim Sawyer, Gale Adkins. **Right of the tree (Stooping)**: Patty Boyce, Sarah Wilson — President; **(Back)** — Deborah Phillips — Vice President, Ann Barker. **Not Pictured:** Gloria Elliot.

Each year at commencement and award ceremonies across the country, a select group of students are called forward to accept one of the most prestigious awards the academic community can bestow — that of being selected to *Who's Who Among Students in American Junior Colleges*. This exclusive honor is conferred by more than 500 schools in all 50 states and the District of Columbia and symbolized by the presentation of an award certificate. It exists as one of the most highly regarded and long-standing honors programs in the nation, having earned the overwhelming respect of college faculties and administrations. In addition to the local and national publicity that each student chosen for the Who's Who program receives, his or her biography will be presented in this year's edition of *Who's Who Among Students in American Junior Colleges*.

Candidate selections are based on academic excellence and extracurricular activities. Each candidate must have a minimum overall G.P.A. of 3.25, be of a Sophomore status, and have the recommendation of two COA faculty members. Each candidate is also judged on scholarship, service to COA and the community, along with potential for future achievement. For the students — the outstanding campus leaders of the year — national recognition by the Who's Who program marks a pinnacle of scholastic achievement.

COA's Main Campus Who's Who Students for 1988 are: Helen Clark, Carol Evans, Carol Patterson, Monjetta Spivey, Margaret Whitley, and pictured (left to right), Debrah Norman, Milton Walker, and Jan Emery. Congratulations!

RHAPSODY

We walk in the leaf shrouded light
of the twilight enveloped forest,
And move along paths that deer follow,
And think to ourselves as we walk.
We are man and animal, and kin,
Brothers of life and love, Master and Mentor.
No slave gave so much love and trust,
No flock gives as much obedience with little reward.
For the price of a meal and a pat, would any other
protect, accompany, and love?
Here we stop, and I sit, so he too sits —
not caring where we are or what we are doing.
If I am content, he is content.
He lies beside me and I pat his head and smooth his fur.
In the coming darkness he helps to ease my pains.
The last beams of light shine upon peculiar
formations in the darkness,
And the dying rays of the sun open portals to other worlds.
The forest is a gateway to many such worlds.
He is there to accompany me if I would go.

COA'S 1988 YEARBOOK — THE MOVIE

COA desperate for an annual, found Jan Emery at a nearby pub. An uninspiring singer in a dead-end job, she agreed to take the assignment as Editor in Chief.

She waved goodbye to her only loyal fan and went right to work.

Her first assignment was to gather a staff, but the pickings were slim.

She turned to an old friend, an ex (?) hippy, Rodger Rossman. Back at COA, Rodger was told he wouldn't survive the job of Business Manager. He laughed in their faces!

The Yearbook was successfully completed in spite of great adversity. Jan Emery survived . . . Barely! Rodger Rossman didn't . . . Or did he?

This year, the winners of our Halloween contest were Faye Hoffman and Madison Phillips. Coincidentally, they **both** thought it was a come-as-you-are party.

The Student Senate Club Day/Cookout was a smoking success!

The Christmas Dance was enjoyed by all. Santa passed out . . . goodies?

The party was soooo good . . . some people fought to stay!
Santa let down his beard and Steve Bray learned the truth . . . at last.

Jan Emery, last year's Ms. Merry Christmas, was the emcee this year for Phi Theta Kappa's annual Mr. and Ms. Merry Christmas contest, where contestants are judged on their ability to communicate, appearance, poise, and personality. The scores were so close that a recall was in order. At last, Pam Benton was declared our Ms. Merry Christmas for 1987! Joining her was Rodger Rossman, who won the judges over with his charm to become our new Mr. Merry Christmas! Lot Winslow did a great job as Master of Ceremonies for the ladies, while the gentlemen really enjoyed being questioned by the Mistress (of Ceremonies) Lucy Gordon and her gang!

Gidget Cline did a terrific job organizing the Underprivileged Children's CHRISTmas party! Individuals, clubs, and organizations who wish to sponsor one or more children are given their names, ages, sizes, etc. and then the fun begins! All of the little ones really enjoyed visiting with Santa as he distributed their gifts. Peeping out the frost covered windows onto the back lawn, they squealed in delight at the sight of Rudolph's red nose twinkling in the night. Everyone went home with a belly full of delicious food after ending the night singing CHRISTmas carols.

Suffer the little children to come unto me, and forbid them not: for of such is the kingdom of God.
Yeshua, Mark 10:14
